THE GRATTAN CLUB

Delightful Assembly Given in Peirce
Hall Last Evening

The Grattan club held one of their
popular assemblies in Peirce hall last
evening, which was largely attended and
proved to be a most enjoyable time. The
boys fairly crowded themselves in their
endeavor to please their patrons, and it is
safe to say that every one went away per-
fectedly satisfied with their evening's enter-
tainment.

Joy and Philbrick's orchestra furnished
the music for the dance and also for the
concert preceding the same. The dances
orders were very near affairs, and the
dances well arranged so that it was long
after midnight before the waltz "Home,
Sweet Home" was played and the last
good nights were said.

The following well-known gentlemen
made all the arrangements for the dance
and were in charge of the floor:

Floor Director—Daniel Malone
Aids—John T. Dampier, Frank Farrell
John Murphy, John Leahy, Cornelius
Buckley, Daniel J. Buckley, James Mor-
risey, Charles Johnson, Thomas Kilroe

RELIGION A FACTOR. In What Does Woman's Beauty Consist Which So Powerfully Attracts Men?

Strong Opposition to the Promotion of Judge McKenna.

MR. HOAR GIVES HIS OPINION.

The Matter Delayed Through Mr. Allen's Efforts.

It Is Not the Pretty Face Which Charms, but the Bright Eyes, Glowing Cheeks, Vigorous Vitality and Exuberant Spirits. This Hint to Wise Women Is Sufficient.

Beauty lies less in the features than in the condition and expression of the face. The Creator has endowed every woman with beauty, and every woman in good health, who is of a cheerful nature, is beautiful and comely to look upon. A clear, fresh, wholesome look is the result of the possession of good health, and no woman can be beautiful and attractive without good health. The dull, dead, grunting pain, the sense of nervousness, weakness, oppression and discouragement, the tired, listless, languid feeling, the shooting pains in the back, all these are symptoms of a disordered system, and all these are beauty killers, producers of dull, leaden complexions, unnatural flushings, dark circles under the eyes, black heads, lustreless eyes and other disfigurements which disvest women of their natural gift of beauty. Why be homely when you can be beautiful and attractive? Get good health and with it those looks and attributes which attract, please and fascinate. It is within your power to do so, for it is within every woman's power to be well and strong, and hence look her best, if she will use Dr. Greene's Nervura to give her strong, vigorous nerves, pure, rich blood, a clear complexion, and thus restore the energies and vitality of sound and perfect health.

Mrs. C. S. Allen, of 128 Pearl St., Portland, Me., says:

"There was hardly any more color in my face and hands than in chalk. Dr. Greene's Nervura made me well, and restored my natural color and complexion."

Mrs. Elizabeth Brown, of 235 Hartwell's Avenue, Providence, R. I., says:

"My face broke out with pimples, and I was almost giving up in despair when I got Dr. Greene's Nervura. Now I am well and strong, thanks to this wonderful remedy."

Mrs. S. R. Berry, of Lebanon, N. H., writes:

"Dr. Greene's Nervura has done wonders for me. I am strong again, and have got back my former looks and good color. A doctor met me a few days ago and said I was doing wonderfully, that my eyes were bright, and that I looked well; these are only a few of the thousands upon thousands of women who owe their present health and strength, and consequently their beauty, vivacity and enjoyment of life to the timely use of Dr. Greene's Nervura, and if the reader is wise, she will not hesitate or delay using this really wonderful remedy, this great natural boon to womankind."

If desired, Dr. Greene, 34 Temple Place, Boston, Mass., the most successful specialist in curing nervous and chronic diseases, can be consulted absolutely free of charge, personally or by letter.

Strength will be dissipated.

The talks among the silver men continued yesterday, but they did not take the shape of a formal conference. Chairman Towne had returned from the contest in Columbus, O., where he assisted in the opposition to Mr. Hanna. He was about the house talking with silvermen.

The feeling developed was generally in favor of common action among all the silver elements. The American Farmers' Union will soon hold its meetings here, and this is expected to give further cohesion to the joint silver movement.

QUIET IN HAVANA.

Washington, Jan. 15.—The last news yesterday from Consul General Lee at Havana was to the state department about 2 o'clock and was at one sent over to the White House. It went to confirm the importance of the office to which Mr. McKenna had been named, saying that the Senate and the public had a right to demand that the charges should be sifted to the bottom. He said that, so far as the opposition of the A. P. A. was concerned, it did not influence him, and he agreed with all that had been said as to the impropriety of any interference in a matter of this character on account of religious prejudices. There was still other charges which were to his mind far more serious. He read from letters and newspapers attacking Mr. McKenna's record as an attorney and jurist on the ground of want of legal training.

The greater part of Mr. Allen's speech was devoted to reading these documents. He called especial attention to an attack made by the bar of the Pacific coast which, he said, was deserving of more scrutiny than had been given it. He also stated that he had understood that the charge had been made that large corporations had been instrumental in securing Mr. McKenna's nomination.

He said this also should be looked into more thoroughly than the Senate had opportunity to do. He disclaimed any intention to further any of the charges made, but asserted that his sole purpose was to secure time for their proper investigation.

It was 4:36 o'clock before an agreement was reached for concluding the McKenna matter at the sitting on next Friday. By general consent the Senate postponed consideration of the Hawaiian treaty until next Monday.

Among the nominations confirmed by the Senate yesterday was that of ex-Senator Talor of Colorado to be postmaster at Denver. Senator Wolcott asked for action immediately or the opening of the executive session and there being no objection he was confirmed without delay.

AGRICULTURAL BILL PASSED.

Washington, Jan. 15.—It was the intention of the house managers to proceed with the diplomatic and consular appropriation bill yesterday, but owing to the excited condition of affairs in Havana and the widely exaggerated reports afterwards, they decided to avoid the possibility of opening up a Cuban debate by relinquishing the day to the committee on Claims in charge of bills on the present calendar. Before the order was entered upon, the agriculture bill was passed.

Most of the day was consumed in a filibuster against a bill to pay the publishing house of the Methodist Episcopal Church South, at Nashville, \$28,000 for the seizure and use of the property of that corporation during the war. The opposition consumed the time until 5 o'clock, when the house adjourned.

AGAINST ZOLA.

Washington, Jan. 15.—There was a renewed and zealous demonstration upon the part of the students last evening. They paraded the Boulevard St. Michael, shouting "Down with Zola; Down with the Jews." The police dispersed the students. The books were exchanged between the players and the officers. The people on the omnibus joined in the cries of the students. The police finally dispersed the students.

EARLY IN THE FIELD.

Washington, Jan. 15.—As a result of conferences held within the last few days between the silver parties it is understood that Chairman Jones of the Democratic national committee, Chairman Butler of the Populist national committee and Chairman Towne of the silver Republican national committee will issue a joint manifesto early next week with a view to securing common action by the three organizations in the political contest of 1896.

The draft of the document is now in the course of preparation. It will appeal to all those interested in the cause of silver to work in union and to avoid rival organizations by which their common

strength will be dissipated.

THE BUSINESS WORLD.

The Past Week Has Been One of Very Healthy Growth.

New York, Jan. 15.—R. G. Dun & Co.

in their weekly review of trade, say:

The year has opened with a very satis-

factory prospect. It is all the better that

there is no wild excitement in the specu-

lative markets, and while stocks ad-

vance a little, grain yields a little.

No little stir in the market has been

caused by the announcement that the

Western Union has purchased the tele-

graph lines owned by the government of

Mexico, and that the Manhattan com-

pany will equal its plan to run trains

by electricity. Beyond the speculative

influence of such statements, there is

the conviction that capitalists of in-

fluence are disposed to invest largely

upon belief in future prospects.

The wheat market has been curiously

languid.

Spot cotton is a 16th lower for mid-

dling uplands, mainly because of the

stoppage of some mills by difficulty

about wages.

A most encouraging feature is the

return of foreign trade, the principal ex-

ports amounting to \$48,000,482 for the

month of December, against \$31,928,865

last year, when the aggregate of all ex-

ports was \$117,000,000. The increase

promises an even larger excess of ex-

ports over imports for the month than

was expected.

The woolen mills have been buying

wool largely for reasons not publicly

explained. It is evident that large or-

ders have been taken by the leading mills,

and at prices which find no satis-

faction. There is decidedly better de-

demand for men's wear goods, and the makers

look forward to a good season. The cot-

ton manufacturers, heavily overladen

with excessive production, find no increase

in demand or no gain in prices.

The boot and shoe manufacturers

shipped more cases from the east dur-

ing two weeks of January than ever

before, but it is receiving few new or-

ders.

Failures for the past week have been

319 in the United States, against 455 last

year, and 46 in Canada, against 71 last

year.

CLAY'S CHILD WIFE.

Narrowly Escapes Shooting at the Hands

of Her Brother.

Louisville, Ky., Jan. 15.—General Cas-

troon M. Clay's young wife, Dora, barely

escaped death yesterday at the hands of

her brother, Clell Richardson, at whose

house she has been boarding ever since

she left the general two months ago.

Richardson fired two shots at her with a

large pistol at a distance of 20 paces

and then fired a shot at Mrs. John

Bryant, his mother-in-law, who was

with Mrs. Clay.

The young wife ran to the home of her

sister, Mrs. Kelly, where she is staying

for the present. The shooting was the

result of a quarrel between Clell Richi-

ardson and his brother-in-law, Will

Fryant, the former claiming that Fryant

was paying too much attention to General

Clay's young wife. When Mrs.

Bryant and Dora expostulated with him,

Clell seized his revolver, and, going to

the door, opened fire on them. Richi-

ardson is a desperate character and so

far the officers have made no attempt

to arrest him. Clell's brothers John and Tom are guarding the women and swear

they will kill Clell if he attempts to

murder them, as he has threatened to do.

WITH A HEARTY AYE.

Weavers of New Bedford Decide to Resist Alleged Abuses.

THE CITY FATHERS TAKE ACTION.

Rhode Island Weavers May Accept Cutdown.

New Bedford, Mass., Jan. 15.—Adolphus King was crowded last night to its utmost capacity, about 2000 men and women attending the mass meeting of the union and non-union weavers of the city. The action of the union in voting to strike was endorsed by a hearty aye, and it was voted to stay out until the abuses claimed by the weavers are corrected. The weavers demand: First, a restoration of wages;

Second, the abolition of the fine system;

Third, the adoption of a uniform price list in all the mills of the city.

Speeches were made by Secretary Hart, President Gammie and others. It was the sentiment of all that the weavers would not go to work Monday, even if the notices were taken down today.

The union and non-union card and picker room operatives had another mass meeting last night, and it was largely attended. The vote to resist the cutdown was unanimous.

At a meeting of the joint arbitration committee of the board of trade and the city council last evening the following resolution was adopted:

"At a joint meeting of the committees of arbitration of the city government and board of trade it is unanimously resolved:

"That, taking into consideration the momentous issues to our industry involved in the present conflict between the manufacturers and operatives, and the far-reaching and calamitous consequences of a strike, the meeting earnestly requests the manufacturers, in the interest of the city, to postpone the cutdown in wages for another week in the hope that some adjustment satisfactory to both parties may meanwhile be effected."

Copies of the resolution were sent to each cloth and mill to assure the first thing this morning. Had the weavers confined themselves to the industrial protest, to strike for the removal of 10 percent reduction, there might have been some chance of a concession on the part of the manufacturers, but now it is expected that nothing but a miracle can avert the strike, and that a long drawn-out strike will result in the Androscoggin mills, will have to stay out Monday, and, as they have no organization, their actions are considered to be unwise.

CUT OF ELEVEN PERCENT.

Waterville, Me., Jan. 15.—The card grinders and speed tenders of this city voted last evening not to strike when the 10 percent reduction of wages goes into effect in the mills Monday. This action was taken on the advice of the secretary of the National Textile Union of America, who counseled the local union to be guided by the action of the Lewiston Mule Spinners' union. A delegation from the mule spinners was present at the meeting and reported that they had decided not to strike until the trouble in New Bedford is settled. As now looks the leaders of the Androscoggin mills will have to stay out Monday, and, as they have no organization, their actions are considered to be unwise."

The article concludes: "Without the aid of foreign beliefs, the true God will find it for itself own way and will use again, let us hope, from the ignominy in which it now lies prostrate, to the greater glory."

The Daily Chronicle's correspondent asserts that this is "an unusual revelation to the outer world of the policy fluctuating in the inner mind of Cardinal Rampolla, the papal secretary of state."

He adds: "Probably there won't be

no truth in the supposition that either Cardinal Rampolla or the pope has an idea of even a temporary alliance with the Republican party, but if they believe that while peace with a king is impossible, it might be possible with a republic. The reason is that the papal secretary of state is the leader that not only the ministry, but the dynasty itself is inclined more seriously than usual."

He continues: "Without the aid of foreign beliefs, the true God will

find it for itself own way and will use again, let us hope, from the ignominy in which it now lies prostrate, to the greater

glory."

CAPTURED IN SPRINGFIELD.

Three Bold Daylight Burglars
at L st Come to Grief.

Alderman Frank C. Marston's Jewelry
Identified Among the Plunder
Found on Them

It was just a week ago yesterday that the residence of Alderman Frank C. Marston was entered in broad daylight and two gold watches, two gold rings and a valuable diamond stud stolen. There was no clue whatever to the thieves and it was thought that the missing jewelry would never be recovered, although a description of the stolen goods with the number of the watches was sent to all of the neighboring cities.

This morning Marshal Lewis received a telegram from the Springfield authorities stating that a gang of thieves, three in number, had been arrested in Springfield, Mass., for attempting to break and enter a house, and in their possession was found a large quantity of jewelry and other property, presumed to have been stolen.

Ald. Marston was informed of the nature of the telegram and at once made ready to go to Springfield to identify the articles belonging to him. Shortly after he telegram was received, Inspector Boyle of the Springfield force called Marshal Entwistle up by telephone and explained the matter to him and said there was no need of Mr. Marston's coming on there as the watches and jewelry tallied exactly with the description sent out by Marshal Entwistle.

He further said that the trio of thieves was made up of a woman and two men. They were Arthur Kelley and his wife, Margaret, and Frank Thompson. It was most important capture as the gang has been operating extensively in Massachusetts and New Hampshire. Complaints have been received from Dover, where the house of Mr. and Mrs. John R. Cowan, on Atkinson street was entered and two gold watches were stolen also from Newburyport where four separate break-ins were made and much valuable property stolen besides numerous other places. Marshal Fogarty of Dover was also notified that a couple of watches which tally exactly with the description of the Cowan watches which were stolen in that town.

Warrants have been issued by Marshal Entwistle and sent to Inspector Boyle in Springfield so that the trio of thieves will be brought to this city for trial.

The Kelley's evidently do not bear a very good reputation as information has been received from Worcester to the effect that Kelley was held for the superior court in that city for breaking and entering and larceny Nov. 24, 1896, but the case never came to trial on account of a stronger one preferred against him by the police of Chelsea, where he was convicted of breaking and entering, and served a term for it, in December, 1896.

At the Pearl Street Church.

At the Pearl Street church on Friday evening, it was unanimously decided to continue the revival meetings, which are increasing in attendance and interest, through next week. The Rev. C. S. Frost of Lowell, Mass., will preach on Sunday morning and evening.

BOX 78

Fire Department has a long Run to Spinney's Road.

An alarm of fire from Box 78 shortly before noon today called the department out for a long run that was both needless and foolhardy. It was for a blaze, caused by an over heated stove, in the small house owned by George Pierce on Spinney's road, one half occupied by himself and the other by a family named Gove.

The fire was first discovered in the half occupied by the Goves, by Mr. Pierce, and as the family was not at home and he was unable to effect an entrance in their part, he proceeded at once to the button factory and telephoned to the chemical. That piece of apparatus was soon on the spot, but too late to do any good as the house was doomed and nearly destroyed then.

Meanwhile someone had rung in a general alarm from the box situated on the corner of Spinney and Lexington roads, which brought the rest of the apparatus, that as scheduled to respond to this box on the scene. The house and its contents will be a total loss as there is no insurance whatever on the same.

Yours respectfully

PAUL M. HARVEY.
